

Master Class Meunier *

" DARE MEUNIER "

Explore the subtleties and aptitudes
of the Meunier,
in the heart of its own Terroir.

We are inviting you to the very first
Meunier dedicated Master Class
held at **Domaine Champagne Météyer**
in Trélou sur Marne

Friday April 13 from 7 pm to 9:30 pm

The evening will unfold in 3 highpoints :

The Winegrower's Moment

Franck Méteyer, craftsman of his vines and wines, brilliantly masters an ancestral know-how, which steers him to express his Terroir's authenticity, spread across 14 hectares in Trélou sur Marne, in the region of Vallée de la Marne. We will discover his convictions, choices, actions and dreams, as well as his constraints and challenges. In his own words and driven by his passion, he will guide us through his vines, as a worthy Ambassador, representing Vallée de la Marne's Winegrowers' family, the « Meunier Ringleaders », proud to serve and uplift this unique variety towards increasingly and inescapably growing world recognition.

He has prepared an extraordinary tasting of rare bottles, straight from his private cellar, which is quite an exceptional event for a Winegrower in general.

His generosity will match your curiosity.

The Oenologist's Moment

Anne-Marie Chabbert, journalist, oenologist and founder of Concept FEEL for Champagne Tasting Education will tell us about her 15 years of experience exploring Blancs de Meunier Cuvées... until the creation of the "**Champagnes à Table**" event in 2007; recognition of the high gastronomic value of 100% Meunier wines by the greatest French chefs and sommeliers

The Traveller's Moment

Then, Paul Merton, Founder and President of **Ethos Wines Group Inc.**, loyal consumer of Météyer Champagnes and huge Blanc de Meunier fan, will tell us about the power of seduction of Meunier wines in the US, first Champagne export market in volume and value in 2017. His Anglo-Saxon perspective will enlighten our own sensations, as his passion for Meunier knows no limits.
